United States Department of Education
OFFICE OF ENGLISH LANGUAGE ACQUISITION

Dear Applicant:

Thank you for your interest in the National Professional Development (NPD) program, administered by the Office of English Language Acquisition of the U.S. Department of Education (Department). The NPD program provides funding to support professional development activities intended to improve instruction for English Learners and assist educational personnel working with such children to meet high professional standards. It is authorized by section 3131 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), to provide for a program that will award grants on a competitive basis, for a period of not more than 5 years, to institutions of higher education (IHEs), in consortia with State educational agencies (SEAs) or local educational agencies (LEAs).

Please take the time to review the applicable priorities, requirements, definitions, selection criteria, and all of the application instructions thoroughly. An application will not be evaluated for funding if the applicant does not comply with all of the procedural rules that govern the submission of the application or the application does not contain the information required under the program (EDGAR §75.216 (b) and (c)).

In the FY 2016 competition, there are two competitive preference priorities and two invitational priorities for this program. Competitive preference priorities address Moderate Evidence of Effectiveness (section 75.226 of EDGAR) and Improving Parent, Family, and Community Engagement (Supplemental Priorities, 79 FR 73425). For additional information about the priorities refer to the Notice Inviting Applications for New Awards for FY 2016 in this package.

For this competition it is **mandatory** for applicants to use the government-wide website, Grants.gov (<http://www.grants.gov>), to apply. Please note that the Grants.gov site works differently than the U.S. Department of Education's e-Application System. We strongly encourage you to familiarize yourself with Grants.gov and strongly recommend that you register *and* submit early.

Applications submitted to Grants.gov for the Department of Education will now be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (Grants.gov recommends Adobe Reader 10.1.14). Please review the "Submitting Applications with Adobe Reader Software" and "Education Submission Procedures" and "Tips for Applicants" forms found within this package for further information and guidance related to this requirement.

Using FY 2016 funds, the Department expects to award \$23,850,000 for new grants under this competition. We will award discretionary grants on a competitive basis for a project period of up to 60 months. Grants are expected to be awarded in July.

Please visit our program website at <http://www2.ed.gov/programs/nfdp/applicant.html> for further information. If you have any questions about the program after reviewing the application package, please contact Samuel Lopez at NPD2016@ed.gov.

Sincerely,
Marianna Vinson
Deputy Director

Frequently Asked Questions

NPD GRANT PROGRAM:

1. What is the purpose of the NPD Program?

The NPD Grant Program supports professional development activities that are designed to improve classroom instruction for English learners (ELs) and assist educational personnel working with such children to meet high professional standards, including standards for certification and licensure as teachers who work in language instruction educational programs or serve ELs.

2. Who is eligible to apply for a grant under the NPD Program?

Entities eligible to apply for NPD grants are institutions of higher education (IHEs) in consortia with local educational agencies (LEAs) or State educational agencies (SEAs).

3. What activities are allowable under the NPD Program?

Grants awarded under this program may be used for one or more of the following activities: (1) Pre-service professional development programs that will assist schools and IHEs to upgrade the qualifications and skills of educational personnel who are not certified or licensed, especially educational paraprofessionals; (2) The development of program curricula appropriate to the needs of the consortia participants involved; and (3) Financial assistance to pay for costs of tuition, fees, and books for enrolling in courses required to complete the degree involved, to meet certification or licensing requirements for teachers who work in language instruction educational programs or serve ELs.

4. Is there a Cost Sharing or Matching requirement?

This program does not require cost sharing or matching.

5. How are indirect costs calculated for the NPD Program?

If you are requesting reimbursement for indirect costs, this information is to be completed by your Business Office: 1) indicate whether your organization has an Indirect Cost Rate Agreement that was approved by the Federal government 2) indicate the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED or another Federal agency issued the approved agreement. An applicant must specify the name of the Federal agency that issued the approved agreement. If your proposal under the National Professional Development program is a training grant, as described in 34 CFR 75.562, then your reimbursement for indirect costs is limited to “actual indirect costs, as determined in its negotiated indirect cost rate agreement, or eight percent of a modified total direct cost base, whichever amount is less.” You should review your proposal closely, to determine whether it is a training grant, and determine the amount you can claim for indirect costs accordingly.

6. Are grantees permitted to use funds for a planning period?

Grantees are permitted to use funds for a planning period. An applicant that proposes a planning period should describe the activities it proposes to conduct during the planning period. A grantee may, or may not, serve participants during a planning period.

7. What are the reporting requirements for NPD grantees?

All NPD grantees must submit an annual performance report (APR) that provides the most current performance and financial expenditure information. The APR must include information on performance outcomes related to the Government Performance and Results Act (GPRA) as well as project-specific performance measures. The Department will consider this data in making annual continuation awards. At the end of the project period, grantees must submit a final performance report, including financial information, goal attainment, and program evaluation.

NPD 2016 COMPETITION APPLICATION CONTENT

8. What is the estimated number and range of awards for the NPD 2016 Competition?

The total estimated available fund for the NPD 2016 Competition is \$23,850,000. The estimated range of awards is \$350,000 - \$550,000 annually and the estimated average size of the award is \$450,000. The estimated number of awards is 53. However, The Department is not bound by any estimates in the notice.

9. If awarded a grant, may a grantee count on receiving funding for the full period of five years?

The actual level of program funding, if any, depends on final Congressional action each fiscal year. In making continuation awards under 34 CFR 75.253, the Secretary considers, among other things: whether the grantee has made substantial progress toward meeting the project objectives and program performance measures; whether the grantee has expended funds in manner consistent with its approved application; and whether the grantee is operating in compliance with the assurances in its approved application.

10. What are the differences between an absolute, a competitive and an invitational priority?

All applicants must address the absolute priority in order for their applications to be eligible for review. Applications that satisfactorily address how a competitive priority would be met in their proposal narrative may receive additional points. Applications that address and meet an invitational priority receive no additional points or preference over other applications.

11. What are the absolute, competitive and invitational priorities for the NPD 2016 Competition?

- Absolute Priority: Providing Professional Development to Improve Instruction for English Learners
- Competitive Preference Priority 1: Moderate Evidence of Effectiveness (0 or 5 points)
- Competitive Preference Priority 2: Improving Parent, Family, and Community Engagement (0 to 5 points)
- Invitational Priority 1: Dual Language Approaches
- Invitational Priority 2: Supporting the Early Learning Workforce to serve ELs

12. Are applicants required to address all of the Competitive and Invitational Priorities in the NPD 2016 Notice Inviting Application?

Applicants are not required to address all of the competitive and invitational priorities. Submitting an application that addresses all priorities may result in an unfocused program design. Applicants should address only the priorities for which they can demonstrate strong capacity to respond and which would directly apply to their LEA/SEA partner(s).

13. What is GPRA?

Under GPRA, Federal departments and agencies must clearly describe the goals and objectives of programs, identify resources and actions needed to accomplish goals and objectives, develop a means of measuring progress made, and regularly report on achievement. One important source of program information on successes and lessons learned is the project evaluation conducted under individual grants.

14. How should an applicant address the GPRA measures in its application?

Applicants should develop a thorough understanding of the NPD program GPRA measures and propose an annual and a final measurable target for each of the GPRA measures based on the first year baseline data. Applicants should include information on how these targets will be met in their application narrative.

15. What are the GPRA measures for the FY2016 NPD Competition?

The Department has developed the following GPRA performance measures for evaluating the overall effectiveness of the NPD program:

- **Measure 1:** The number and percentage of program participants who complete the preservice program. Completion is defined by the applicant in the submitted application.
- **Measure 2:** The number and percentage of program participants who complete the inservice program. Completion is defined by the applicant in the submitted application.
- **Measure 3:** The number and percentage of program completers, as defined by the applicant under measures 1 and 2, who are State certified, licensed, or endorsed in EL instruction.
- **Measure 4:** The percentage of program completers who rate the program as effective in preparing them to serve EL students.
- **Measure 5:** The percentage of school leaders, other educators, and employers of program completers who rated the program as effective in preparing their teachers, or other educators, to serve ELs or improve their abilities to serve ELs effectively.
- **Measure 6:** For projects that received competitive preference points for Competitive Priority 2, the percentage of program completers who rated the program as effective, as defined by the grantees, in increasing their knowledge and skills related to parent, family, and community engagement.

16. How are performance targets set for the GPRA measures?

First, applicants must identify the baseline data for each of the GPRA measures in their project based on existing circumstances. Next, applicants must state proposed annual performance outcome targets for each of the GPRA measures. The proposed targets must be ambitious yet achievable.

17. What information should be included in the project abstract? The project abstract is a one-page, single-spaced summary of your project.

The project abstract is a one-page, single-spaced summary of your project. It should include the following:

- 1) Name of the IHE
- 2) Partners: Include applicable LEAs or SEAs
- 3) Title of the proposed project, if applicable
- 4) Priorities: Indicate which, if any, of the competitive and invitational priorities your project is addressing

* If addressing competitive preference priority 1, moderate evidence of effectiveness,

- you must include the links for the citations that meet this evidence criteria

NPD 2016 COMPETITION APPLICATION REVIEW

18. How are applications selected for funding?

Peer reviewers will review all eligible applications for NPD grants that are submitted by the established deadline. For the FY 2016 NPD grant applications, the Department intends to conduct a two-part review process to review and score all eligible applications. Content reviewers will review and score all eligible applications on the following three selection criteria: The quality of the project design; the quality of project personnel; and the quality of the management plan. These reviewers will also review and score the second competitive preference priority. Peer reviewers with evaluation expertise will review and score the quality of the project evaluation plan.

19. Is an applicant's past performance a factor in the application review process?

Yes. The Department will take into consideration the potential applicant's past performance in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Department may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality. 34 CFR 75.217(d)

20. Is there a page-limit to the NPD application?

Yes. NPD grant program applicants must limit the application proposal narrative to no more than 35 double-spaced pages. Applicants are also strongly encouraged not to include lengthy appendices that contain information that they were unable to include within the page limits for the narrative.

In addition to the proposal narrative, applicants must submit all required documents including the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

21. How long does it take the Department of Education to complete the review process and when will funds be available?

Most review processes takes about six months from the application deadline to the issuance of the signed Grant Award Notification. The list of grantees will be published at <http://www2.ed.gov/programs/nfdp/applicant.html> and <http://www.ncela.us/>.

22. How does an applicant comply with Executive Order 12372, the Intergovernmental Review of Federal Programs?

This competition is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

24. Why is it helpful for a potential applicant to submit a Notice of Intent to Apply?

A Notice of Intent to Apply from potential applicants informs the Department of the approximate number of applications the program may receive so that the grant review process can be more efficiently planned. We strongly encourage each potential applicant to notify us of the applicant's intent to submit an application by emailing NPD2016@ed.gov with the **subject line: Intent to Apply** and include in the content of the email the following information: (1) the IHE's name and address, and (2) any competitive preference priority or priorities and invitational priority or priorities the applicant is addressing in the application. Applicants that do not complete this form may still submit an application.

25. Is a proof of partnership a required part of the application?

Yes. IHEs are required to work in partnership with one or more LEAs or SEAs. Applicants should include letters of support or a Memorandum of Understanding with each of their LEA or SEA partner(s) that clearly identifies the roles, responsibilities, and obligations that each institution agrees to commit in order to meet the project goals, objectives and the NPD GPRA outcome measures.

26. Do I need to register to apply electronically for the NPD Program?

NPD 2016 COMPETITION APPLICATION SUBMISSION

28. In what format can an application be submitted under the FY 2016 NPD Program competition?

Applications for grants under the NPD program must be submitted electronically via Grants.gov in non-modifiable Portable Document Format (PDF). Through this site, applicants will be able to download a copy of the application package, complete it offline, and then upload to submit the application.

Applicants may not email an electronic copy of a grant application to the Department. An application submitted in paper format will be rejected unless the applicant qualifies for one of the exceptions to the electronic submission requirement as described in the NPD Notice Inviting Applications. *To submit your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page:*

www.grants.gov/web/grants/register.html.

29. May applicants submit personnel resumes as an appendix to the application?

Applicants should address qualifications of personnel in the narrative response to the key personnel criterion. In addition applicants may want to describe relevant training and experience of key personnel who are current employees, which may include, for example, the project director, the project coordinator, project evaluators, and LEA and SEA partner staff. *Applicants are requested **not** to submit resumes, but can instead provide position descriptions for key personnel, including current staff, as well as those it expects to recruit as an attachment.*

30. How much time does it take to upload an application?

The amount of time it takes to upload an application varies depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov. Applicants must upload any narrative sections and all other application attachments as files in a read-only, non-modifiable Portable Document Format (PDF).

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM (formerly CCR -Central Contractor Registry). If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

31. What should an applicant do in order to submit an electronic application on time?

You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for the NPD Program to ensure that you submit your application in a timely manner to the Grants.gov system. Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date to be eligible for reviewing. For specific guidance and procedures for submitting an application through Grants.gov, please refer to the Grants.gov Web site at: www.grants.gov/web/grants/applicants/apply-for-grants.html.

32. How would an applicant know that the application has been successfully submitted?

You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on February 19, 2016, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov's Track My Application link.

Technical Assistance Workshops for Prospective Applicants

The NPD Program office will be hosting a series of webinar trainings to provide technical assistance to applicants in preparing their applications and to respond to applicant questions. The purpose of the trainings is to review the competition priorities, requirements, and selection criteria with potential applicants, as well as for Department staff to answer questions about the Notice Inviting Applications (NIA) for this competition. The training dates and registration information are available on the NPD website at <http://www2.ed.gov/programs/nfdp/applicant.html>. Participation in the webinars is voluntary. For those not able to attend, the trainings will be available via a link posted on the NPD website at <http://www2.ed.gov/programs/nfdp/applicant.html>.

Selection Criteria and Suggested Point Ranges for Rating Applicant Responses to the Selection Criteria

All applicants should respond to each of the Selection Criteria in the NIA published in the Federal Register. The Department and its reviewers assess the quality of applications based on how they address the Selection Criteria. They do not consider outside factors, such as personal knowledge of past performance, or subjective judgments about what an application should contain. Please note that within each Criterion reviewers use their professional judgment in awarding points on how well applicants address each Criterion as a whole. Selection Criteria and subcriteria are listed below, but please view the NIA, Section V. Application Review Information, for full version.

(a) Quality of the project design (up to 45 points)

The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers the following factors:

- (1) The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable.
- (2) The extent to which the design for implementing and evaluating the proposed project will result in information to guide possible replications of project activities or strategies including information about the effectiveness of the approach or strategies employed by the project.
- (3) The extent to which the proposed project is supported by strong theory.

(b) Quality of project personnel (up to 10 points)

The Secretary considers the quality of the personnel who will carry out the proposed project. In determining the quality of project personnel, the Secretary considers the following factors:

- (1) The extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.
- (2) The qualifications, including relevant training and experience, of the project director or principal investigator.

(c) Quality of the management plan (up to 25 points)

The Secretary considers the quality of the management plan for the proposed project. In determining the quality of the management plan for the proposed project, the Secretary considers the following factors:

- (1) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks.
- (2) The extent to which the time commitment of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

(d) Quality of the project evaluation (up to 20 points)

The Secretary considers the quality of the evaluation to be conducted of the proposed project. In determining the quality of the evaluation, the Secretary considers the following factors:

- (1) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project.
- (2) The extent to which the methods of evaluation will, if well implemented, produce evidence about the project's effectiveness that would meet the What Works Clearinghouse Evidence Standards with reservations.
- (3) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes.

Shown below are **suggested** point ranges for an evaluation of fully addressed, well addressed, adequately addressed, poorly addressed, or not addressed, for each Criterion. We have also included **suggested** point ranges for Competitive Preference Priority 2, if the applicant chooses to address that priority. Those who review applications will receive the same suggested scoring rubric as an optional guide when evaluating applications.

Suggested Scoring Rubric

Selection Criteria	Maximum Point Value	Quality of Applicant's Response				
		Criterion is not addressed	Criterion is poorly addressed	Criterion is adequately addressed	Criterion is well addressed	Criterion is fully addressed
a	45	0	1-20	21-34	35-40	41-45
b	10	0	1-4	5-6	7-8	9-10
c	25	0	1-11	12-19	20-22	23-25
d	20	0	1-9	10-16	17-18	19-20
Competitive Preference Priorities Scoring Rubric						
CPP 1*	5	0				5
CPP 2	5	0	1-2	3	4	5

* The Department will review the studies cited by the applicants to determine if they meet the requirements for Competitive Preference Priority 1, Moderate Evidence of Effectiveness

* Applicants seeking to address Competitive Preference Priority 1 should identify up to two citations for studies that meet the definition of Moderate Evidence of Effectiveness. The Department will review the studies cited by the applicants to determine if they meet the requirements for Moderate Evidence of Effectiveness.

Cited studies may include those already listed in the Department's What Works Clearinghouse (WWC) Reviewed Studies Database (see <http://ies.ed.gov/ncee/wwc/ReviewedStudies.aspx>) or those that are not included in that database. Applicants can also use the *Teaching Academic Content and Literacy to*

English Learners in Elementary and Middle School Practice Guide to identify studies from Appendix D but should not cite the Practice Guide in its entirety. Studies listed in the WWC Reviewed Studies Database and the aforementioned Practice Guide do not necessarily satisfy any or all of the criteria needed to meet the Moderate Evidence of Effectiveness standard, and therefore it is important that applicants themselves ascertain the suitability of a study for the evidence priority.

Points will only be awarded if the submitted studies are determined to meet the evidence standard, and if a determination is made that the research cited is relevant to the proposed projects. Applicants addressing this Competitive Preference Priority should clearly demonstrate the relevance of the cited studies to proposed project activities. Applicants should also clearly demonstrate how the proposed project activities align with the cited study with sufficient fidelity. Where modifications to the cited intervention will be made to account for student or institutional/organizational characteristics, resource limitations, or other special factors, the applicant should provide a justification or basis for the modifications in the narrative response to the priority.

The link(s) for the citation(s) submitted for Competitive Preference Priority 1 should be provided on the abstract, as well as in the application narrative. Applicants should specify in their narrative responses to the priority the findings within the studies cited as evidence in support of their strategies and ensure that the citation(s) and link(s) are from an available source.

Application Submission Procedures

The deadline for submission of NPD Program applications through Grants.gov is February 19, 2016.

Application Transmittal Instructions

Attention Electronic Applicants

This program **requires** the electronic submission of applications--specific requirements and instructions can be found in the Federal Register notice. Please note that you **must** follow the Application Procedures as described in the Federal Register notice announcing the grant competition.

We will reject your application if you submit it in paper format unless, as described in the Federal Register notice for this competition, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions.

Applications Submitted Electronically

Applications for grants under this program must be submitted electronically using the Governmentwide Grants.gov Apply site at <http://www.Grants.gov>. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may **not** e-mail an electronic copy of a grant application to us.

Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system **no later than 4:30:00 p.m., Washington, DC time, on the application deadline date**. Except as otherwise noted in Federal Register notice for this competition, we will not consider your application if it is date and time stamped by the Grants.gov system later than 4:30:00 p.m., Washington, DC time, on the application deadline date.

You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in this application package to ensure that you submit your application in a timely manner to the Grants.gov system.

Please note the following:

- You must attach any narrative sections of your application as files in a **.pdf** (Portable Document) format. **If you upload a file type other than a .pdf file, or submit a password-protected file, we will not review that material.**
- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission.
- When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend your file names be less than 50 characters. The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- Your electronic application must comply with any page-limit requirements described in this application package.
- If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

According to the instructions found in the Federal Register notice, only those requesting and qualifying for an Exception to the electronic submission requirement may submit an application via mail, commercial carrier or by hand delivery.

Submission of Paper Applications by Mail:

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

Submission of Paper Applications by Hand Delivery:

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education

(1) You must indicate on the envelope and--if not provided by the Department--in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and

(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

Submitting Applications with Adobe Reader Software

The Department of Education, working with Grants.gov, is currently moving from using PureEdge software to using Adobe Reader software exclusively and applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Applicants will no longer need to use the PureEdge software to create or submit an application.

Please note: The compatible version of Adobe Reader is **required** for viewing, editing and submitting a complete grant application package for the Department of Education through Grants.gov. Applicants should confirm the compatibility of their Adobe Reader version **before** downloading the application. To ensure applicants have a version of Adobe Reader on their computer that is compatible with Grants.gov, applicants are encouraged to use the test package provided by Grants.gov that can be accessed at <http://www.grants.gov/documents/19/18249/Adobe+Versioning+Test+Application+Package.pdf>.

Important issues to consider:

- If the applicant opened or edited the application package with any software other than the compatible version of Adobe Reader, the application package may contain errors that will be transferred to the new package even if you later download the compatible Adobe Reader version.
- Applicants **cannot** copy and paste data from a package initially opened or edited with an incompatible version of Adobe Reader and will need to download an **entirely new package** using the compatible version of Adobe Reader.
- Some applicants using an incompatible version of Adobe Reader **may have trouble** opening and viewing the application package while others may find they can open, view and complete the application package but **may not be able to submit** the application package through Grants.gov.
- Grants.gov **does not** guarantee to support versions of Adobe Reader that are not compatible with Grants.gov.
- Any and all edits made to the Adobe Reader application package **must** be made with the compatible version of Adobe Reader.

For your convenience, the latest version of Adobe Reader is available for free download at <http://get.adobe.com/reader/otherversions/>.

We strongly recommend that you review the information on computer and operating system compatibility with Adobe available at <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html> **before** downloading, completing or submitting your application.

Applicants are reminded that they should submit their application a day or two in advance of the closing date as detailed in the Federal Register Notice. If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

ATTENTION – Browser Support

Grants.gov is a Custom Java Application that uses standard web-browsers as the client. Grants.gov leverages the latest web technologies such as Ajax which relies extensively on JavaScript, HTML, and CSS. Grants.gov recommends you use the most up-to-date web browser possible for the best User Experience. If you are unsure about which version of the browser you are using, please check the following places:

- **Microsoft IE** – the *About Internet Explorer* setting under Help on your toolbar
- **Firefox** – the *About Firefox* setting under Help on your toolbar
- **Chrome**- the *About Google Chrome* setting under the *Customize and Control Google Chrome* option (located on the far right ) in your toolbar options for your browsers.

The table below lists supported Web Browsers:

Web Browser	Support	Comments
Microsoft IE 9/10/11	Supported	
Mozilla Firefox	Supported	Versions change frequently; we recommend you have the latest version. Legacy versions are functional but may experience some issues. It is recommended to upgrade to the latest version.
Google Chrome	Supported	Versions change frequently; we recommend you have the latest version. Legacy versions are functional but may experience some issues. It is recommended to upgrade to the latest version.
Apple Safari	Supported	Versions change frequently; we recommend you have the latest version. Legacy versions are functional but may experience some issues. It is recommended to upgrade to the latest version.

ATTENTION – Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe

Reader 10.1.14). (Please note that in early 2013, Grants.gov discovered an issue with the newest version of Adobe Reader XI but it was subsequently resolved.) Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov at this link: <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>. We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”) If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

- 1) **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: <http://www.grants.gov/web/grants/register.html> [Note: Your organization will need to update its SAM registration annually (formerly Central Contractor Registry (CCR).)]

Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>

- 2) **SUBMIT EARLY** – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM (formerly CCR -Central Contractor Registry). If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

- 3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application

was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov's Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of "Received" it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to "Validated" or "Rejected with Errors." If the status is "Rejected with Errors," your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html>. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at <http://www.grants.gov/web/grants/applicants/encountering-error-messages.html>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/web/grants/support.html>, or access the Grants.gov Self-Service web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. **You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.**

Please go to <http://www.grants.gov/web/grants/support.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov site <http://www.grants.gov/web/grants/applicants/applicant-resources.html>.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

MAC Users

If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include read-only, non-modifiable .PDF files** in their application:

1. Ensure that you attach **.PDF files only** for any attachments to your application, and they must be in a **read-only, non-modifiable format**. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read.
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded files must be less than 50 characters, contain no spaces, no special characters (example: -, &, *, %, /, #, \) including periods (.), blank spaces and accent marks. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

Application Instructions

Electronic Application Format

Applications for grants under this competition must be submitted electronically, unless you qualify for an exception to the electronic submission requirement in accordance with the instructions in this application package.

In accordance with EDGAR §75.216 (b) and (c), an application will not be evaluated for funding if the applicant does not comply with all of the procedural rules that govern the submission of the application or the application does not contain the information required under the program.

Important note: Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 8.1.2).

Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov. Also, please review the **Submitting Applications with Adobe Reader Software** and **Education Submission Procedures and Tips for Applicants** forms found within this package for further information and guidance related to this requirement.

We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Applicants will no longer need to use the PureEdge software to create or submit an application. If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

Note: Please do not attach any narratives, supporting files, or application components to any forms unless it is specifically required by the instructions for the individual section of the application. Although several forms accept attachments, the Department of Education will only review materials/files attached in accordance with the instructions provided within this application package.

**Instructions for U.S. Department of Education
Supplemental Information for the SF-424**

1. Project Director. Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application. Items marked with an asterisk (*) are mandatory.

2. Novice Applicant. Check “Yes” if you meet the definition for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424”). By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the definition for novice applicants.

This novice applicant information will be used by ED to: 1) determine the amount and type of technical assistance that a novice might need, if funded, and 2) determine novice applicant eligibility in discretionary grant competitions that give special consideration to novice applications. Certain ED discretionary grant programs give special consideration to novice applications, either by establishing a special competition for novice applicants or by giving competitive preference to novice applicants under the procedures in 34 CFR 75.105(c)(2). If special consideration is being given to novice applications under a particular discretionary grant competition, the application notice for the competition published in the Federal Register will specify this information

3. Human Subjects Research. (See I. A. “Definitions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”)

3a. If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

3a. If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for SF-424.”)

3b. If Human Subjects Research is Exempt from the Human Subjects Regulations. Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Check the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

3b. If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

3b. Human Subjects Assurance Number. If the applicant has an approved Federal Wide Assurance (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. (A list of current FWAs is available at: <http://ohrp.cit.nih.gov/search/asearch.asp#ASUR>) If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

3c. If applicable, please attach your “Exempt Research” or “Nonexempt Research” narrative to your submission of the U.S Department of Education Supplemental Information for the SF-424 form as instructed in item II, “Instructions for Exempt and Nonexempt Human Subjects Research Narratives” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

No covered human subjects research can be conducted until the study has ED clearance for protection of human subjects in research.

Paperwork Burden Statement. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1894-0007. The time required to complete this information collection is estimated to average between 15 and 45 minutes per response, including the time to review instructions, search existing data resources, gather the data needed and complete and review the information collection. If you have any comments concerning the accuracy of the estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-0170. If you have comments or concerns regarding the status of your individual submission of this form write directly to: (insert program office), U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

Definitions for U.S. Department of Education Supplemental Information for the SF-424

Definitions:

Novice Applicant (See 34 CFR 75.225)

For discretionary grant programs, novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” *(1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be **directly or indirectly** linked to that individual, the definition of human subject is met* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods. ***If an educational practice is being introduced to the site and is not widely used for similar populations, it is not covered by this exemption.***

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.***

Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures

involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects. *[This exemption applies only to retrospective studies using data collected before the initiation of the research.]*

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs. *[The standards of this exemption are rarely met because it was designed to apply only to specific research conducted by HHS at the time the regulations were established. We will strictly construe this exemption because it was not intended to apply to ED research.]*

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3.b. of the U.S. Department of Education Supplemental Information for the SF-424, the applicant must attach a human subjects “exempt research” or “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424 form. If you have multiple projects and need to provide

more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3.b. and designated exemption numbers(s), attach the “exempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3.b. you must attach the “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics:

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Potential Risks: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Office of the Chief Financial Officer, U.S. Department of Education, Washington, D.C. 20202-4331, telephone: (202) 245-8090, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site:

<http://www.ed.gov/about/offices/list/ocfo/humansub.html>

NOTE: The **State Applicant Identifier** on the SF-424 is for State Use only. Please complete it on the SF-424 in the upper right corner of the form (if applicable).

Part 2A: Budget Information

☐ ED Budget Information Non-Construction Programs (ED Form 524)

This part of your application contains information about the Federal funding you are requesting. Remember that you must provide all requested budget information for each year of the project (up to 60 months) and the total column in order to be considered for Federal funding. Specific instructions for completing the budget forms are provided within this application package.

Instructions for completing ED Form 524 Section A:

Name of Institution/Organization: Enter the name of the applicant in the space provided.

Personnel (line 1): Enter project personnel salaries and wages only. Include fees and expenses for consultants on line 6.

Fringe Benefits (line 2): The institution's normal fringe benefits contribution may be charged to the program. Leave this line blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect cost.

Travel (line 3): Indicate the travel costs of employees and participants only. Include travel of persons such as consultants on line 6.

Equipment (line 4): Indicate the cost of tangible, non-expendable personal property that has a usefulness greater than one year and acquisition costs that are the lesser of the capitalization level established by the applicant entity for financial statement purposes or \$5,000 per article. Lower limits may be established to maintain consistency with the applicant's policy.

Supplies (line 5): Show all tangible, expendable personal property. Direct supplies and materials differ from equipment in that they are consumable, expendable, and of a relatively low unit cost. *Supplies purchased with grant funds should directly benefit the grant project and be necessary for achieving the goals of the project.*

Contractual (line 6): The contractual category should include all costs specifically incurred with actions that the applicant takes in conjunction with an established internal procurement system. Include consultant fees, expenses, and travel costs in this category if the consultant's services are obtained through a written binding agreement or contract.

Construction (line 7): Not applicable.

Other (line 8): Indicate all direct costs not covered on lines 1-6. Total Direct Costs (line 9): The sum of lines 1-8.

Indirect Costs (line 10): Indicate the applicant's approved indirect cost rate, per sections 75.560 – 75.564 of EDGAR. If an applicant does not have an approved indirect cost rate agreement with a cognizant Federal agency, the applicant must apply to the Department for a temporary indirect cost rate

if it wishes to charge indirect costs to the grant. For more information, go to the Department's website at: <http://www.ed.gov/about/offices/list/ocfo/fipao/icgindex.html>.

Training Stipends (line 11): Provide the cost related to tuition, fees, and books for enrolling in courses required to complete the degree involved, or to meet certification or licensing requirements.

Total Cost (line 12): This should equal to sum of lines 9-11 (total direct costs + indirect + stipends). The sum for column one, labeled *Project Year 1 (a)*, should also be equal to item 15a on the application cover sheet (SF Form 424).

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

Section C - Budget Narrative [Attach separate sheet(s)] Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
 - a. The specific costs or contributions by budget category;
 - b. The source of the costs or contributions; and
 - c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

[Please review ED’s general cost sharing and matching regulations, which include specific limitations, in 34 CFR 74.23, applicable to non-governmental entities, and 80.24, applicable to governments, and the applicable Office of Management and Budget (OMB) cost principles for

your entity type regarding donations, capital assets, depreciation and use allowances. OMB cost principle circulars are available on OMB’s website at: <http://www.whitehouse.gov/omb/circulars/index.html>]

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of “Training grants” (34 CFR 75.562) and grants under programs with “Supplement not Supplant” requirements (“Restricted Rate” programs) by a “modified total direct cost” (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for “Training grants” or grants under “Restricted Rate” programs, you must refer to the information and examples on ED’s website at: <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

5. Provide other explanations or comments you deem necessary.

Part 2B: Budget Narrative

*This section should be attached as a **single** document to the Budget Narrative Attachment Form in accordance with the instructions found on [Grants.gov](https://www.grants.gov). It should be organized in the following manner and include the following parts in order to expedite the review process.*

Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (read-only, non-modifiable .pdf files). Also, do not upload any password-protected files to your application.

When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend your file names be less than 50 characters.

Each application must also provide a Budget Narrative (which serves to meet the requirements of ED Form 524, Section C) for requested Federal funds. The Budget Narrative for requested Federal funds should provide a justification of how the money requested for each budget item will be spent.

This section requires an **itemized budget breakdown** for each project year and the **basis for estimating the costs** of personnel salaries, benefits, project staff travel, materials and supplies, consultants and subcontracts, indirect costs and any other projected expenditures. Be sure to complete an itemized budget breakdown and narrative for each year of the proposed project (up to 60 months).

The Budget Narrative provides an opportunity for the applicant to identify the nature and amount of the proposed expenditures. The applicant should provide sufficient detail to enable reviewers and project staff to understand how requested funds will be used, how much will be expended, and the relationship between the requested funds and project activities and outcomes.

Important Notes

- Applicants are encouraged to review OMB Circular A-21, *Cost Principles for Educational Institutions* (codified at 2 CFR 220); OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments* (codified at 2 CFR 225); or OMB Circular A-122, *Cost Principles for Nonprofit Organizations* (codified at 2 CFR 230) in preparing their budget and budget narrative.

Important Information Regarding Indirect Costs

If your proposal under the National Professional Development program is a training grant, as described in 34 CFR 75.562, which is set out below, then your reimbursement for indirect costs is limited to “actual indirect costs, as determined in its negotiated indirect cost rate agreement, or eight percent of a modified total direct cost base, whichever amount is less.” You should review your proposal closely, to determine whether it is a training grant, and determine the amount you can claim for indirect costs accordingly.

The policies for reimbursing indirect costs under training grants are as follows:

34 CFR 75.562 Indirect cost rates for educational training projects.

(a) Educational training grants provide funding for training or other educational services. Examples of the work supported by training grants are summer institutes, training programs for selected participants, the introduction of new or expanded courses, and similar instructional undertakings that are separately budgeted and accounted for by the sponsoring institution. These grants do not usually support activities involving research, development, and dissemination of new educational materials and methods. Training grants largely implement previously developed materials and methods and require no significant adaptation of techniques or instructional services to fit different circumstances.

(b) The Secretary uses the definition in paragraph (a) to determine which grants are educational training grants.

(c)(1) Indirect cost reimbursement on a training grant is limited to the recipient's actual indirect costs, as determined in its negotiated indirect cost rate agreement, or eight percent of a modified total direct cost base, whichever amount is less.

NOTE TO PARAGRAPH (c)(1): If the grantee did not have a federally recognized indirect cost rate agreement on the date the training grant was awarded, indirect cost recovery is also limited to the amount authorized under §75.560(d)(3).

(2) For the purposes of this section, a modified total direct cost base consists of total direct costs minus the following:

- (i) The amount of each sub-award in excess of \$25,000.
- (ii) Stipends.
- (iii) Tuition and related fees.
- (iv) Equipment, as defined in 2 CFR 200.33.

NOTE TO PARAGRAPH (c)(2)(iv): If the grantee has established a threshold for equipment that is lower than \$5,000 for other purposes, it must use that threshold to exclude equipment under the modified total direct cost base for the purposes of this section.

(3) The eight percent indirect cost reimbursement limit specified in paragraph (c)(1) of this section also applies to sub-awards that fund training, as determined by the Secretary under paragraph (b) of this section.

(4) The eight percent limit does not apply to agencies of Indian tribal governments, local governments, and States as defined in 2 CFR 200.54, 200.200.64, and 200.90, respectively.

(5) Indirect costs in excess of the eight percent limit may not be charged directly, used to satisfy matching or cost-sharing requirements, or charged to another Federal award.

(d) A grantee using the training rate of eight percent is required to have documentation available for audit that shows that its negotiated indirect cost rate is at least eight percent.

Selection Criteria for Program Narrative

The selection criteria for this competition are from section 75.210 of EDGAR. The maximum score for all of these criteria is 100 points (not including competitive preference priority points). The maximum score for each criterion is indicated in parentheses.

(a) Quality of the project design (up to 45 points)

The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers the following factors:

(1) The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable.

(2) The extent to which the design for implementing and evaluating the proposed project will result in information to guide possible replications of project activities or strategies including information about the effectiveness of the approach or strategies employed by the project.

(3) The extent to which the proposed project is supported by strong theory.

(b) Quality of project personnel (up to 10 points)

The Secretary considers the quality of the personnel who will carry out the proposed project. In determining the quality of project personnel, the Secretary considers the following factors:

(1) The extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(2) The qualifications, including relevant training and experience, of the project director or principal investigator.

(c) Quality of the management plan (up to 25 points)

The Secretary considers the quality of the management plan for the proposed project. In determining the quality of the management plan for the proposed project, the Secretary considers the following factors:

(1) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks.

(2) The extent to which the time commitment of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

(d) Quality of the project evaluation (up to 20 points)

The Secretary considers the quality of the evaluation to be conducted of the proposed project. In determining the quality of the evaluation, the Secretary considers the following factors:

(3) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes.

Note: The following are technical assistance resources on evaluation: (1) WWC Procedures and Standards Handbook: <http://ies.ed.gov/ncee/wwc/references/idocviewer/doc.aspx?docid=19&tocid=1>; and (2) IES/NCEE Technical Methods papers: http://ies.ed.gov/ncee/tech_methods.

In addition, we invite applicants to view two Webinar recordings that were hosted by the Institute of Education Sciences. The first Webinar addresses strategies for designing and executing well-designed quasi-experimental design studies. This Webinar is available at: <http://ies.ed.gov/ncee/wwc/Multimedia.aspx?sid=23>. The second Webinar focuses on more rigorous evaluation designees, including strategies for designing and executing randomized controlled trials. This Webinar is available at: <http://ies.ed.gov/ncee/wwc/Multimedia.aspx?sid=18>.

Important note about the project evaluation: A strong evaluation plan should be included in the application narrative and should be used, as appropriate, to shape the development of the project from the beginning of the grant period. The plan should include benchmarks to monitor progress toward specific project objectives and also outcome measures to assess the impact on teaching and learning or other important outcomes for project

participants. More specifically, the plan should identify the individual and/or organization that have agreed to serve as evaluator for the project and describe the qualifications of that evaluator.

The plan should describe the evaluation design, indicating: (1) what types of data will be collected; (2) when various types of data will be collected; (3) what methods will be used; (4) what instruments will be developed and when; (5) how the data will be analyzed; (6) when reports of results and outcomes will be available; and (7) how the applicant will use the information collected through the evaluation to monitor progress of the funded project and to provide accountability information both about success at the initial site and effective strategies for replication in other settings. Applicants are encouraged to devote an appropriate level of resources to project evaluation.

Instructions for Meeting the General Education Provisions Act (GEPA)

Section 427 Requirements

All applicants for new awards **must** include information in their applications to address this new provision in order to receive funding under this program.

Section 427 **requires** each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age.

A general statement of an applicant's nondiscriminatory hiring policy is **not** sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

Please review the Notice to all Applicants (included in the electronic application package in Grants.gov) for further information on meeting the provisions in the Department of Education's General Education Provisions Act (GEPA).

Applicants are **required** to address this provision by attaching a statement (not to exceed three pages) to the **ED GEPA427 form** that is included in the electronic application package in Grants.gov.

Part 5: ED Abstract Form

This section should be attached as a single document to the ED Abstract Form in accordance with the instructions found on Grants.gov and should be organized in the following manner and include the following parts in order to expedite the review process.

Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (read-only, non-modifiable .pdf files). Also, do not upload any password-protected files to your application.

Please note that Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission.

When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend your file names be less than 50 characters.

☐ Project Abstract

The project abstract should not exceed **one** single-spaced page and should include a concise description of the following information:

- 1) Name of the IHE
- 2) Partners: Include applicable LEAs or SEAs
- 3) Title of the proposed project, if applicable
- 4) Priorities: Indicate which, if any, of the competitive and invitational priorities your project is addressing
 - * If addressing competitive preference priority 1, moderate evidence of effectiveness, you must include the link(s) for the citation(s) that meet this evidence criteria
- 5) Brief Project Description: Include major project activities
- 6) Number and type of participants projected to be served by the project (i.e. preservice teachers, inservice teachers, school administrators, other school personnel, parents, community members)
 - * Type and Number of Participants served each year
 - * Type and Number of Participants served by the end of the project
- 7) Project goals, objectives, and performance outcomes
- 8) Contact: Project Director's name, telephone and e-mail

Part 6: Other Attachment Form

Attach one or more documents to the Other Attachment Form in accordance with the instructions found on Grants.gov. You may provide all of the required information in a single document, or in multiple documents.

Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (read-only, non-modifiable .pdf files). Also, do not upload any password-protected files to your application.

Please note that Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission.

When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend your file names be less than 50 characters.

- ☐ **Letters of Support/MOUs**
- ☐ **Position Descriptions for Key Personnel**

Part 7: Intergovernmental Review of Federal Programs (Executive Order 12372)

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact (SPOC) process and a list of names by State can be found at:

http://www.whitehouse.gov/omb/grants_spoc

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# 84.365Z, U.S. Department of Education, room 7E200. 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (eastern time) on the closing date indicated in this notice.

Important note: The above address is not the same address as the one to which the applicant submits its completed applications. **Do not send applications to the above address.**

Not all states have chosen to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located in a State that does not have a SPOC, you may send application materials directly to the Department as described in the *Federal Register* notice.

Reporting and Accountability

Successful Applicants with multi-year grants must submit an **annual performance report** demonstrating their progress in meeting approved project objectives. Grantees must also provide the most current financial and performance measure data for each year of the project.

At the end of the project period, applicants will also be required to submit a **final performance report**.

Under the Government Performance and Results Act (GPRA), the following performance indicators have been established to evaluate the overall effectiveness of the National Professional Development program:

Measure 1: The number and percentage of program participants who complete the preservice program. Completion is defined by the applicant in the submitted application.

Measure 2: The number and percentage of program participants who complete the inservice program. Completion is defined by the applicant in the submitted application.

Measure 3: The number and percentage of program completers, as defined by the applicant under measures 1 and 2, who are State certified, licensed, or endorsed in EL instruction.

Measure 4: The percentage of program completers who rate the program as effective in preparing them to serve EL students.

Measure 5: The percentage of school leaders, other educators, and employers of program completers who rated the program as effective in preparing their teachers, or other educators, to serve ELs or improve their abilities to serve ELs effectively.

Measure 6: For projects that received competitive preference points for Competitive Priority 2, the percentage of program completers who rated the program as effective, as defined by the grantees, in increasing their knowledge and skills related to parent, family, and community engagement.

For specific requirements on grantee reporting, please go to the ED Performance Report Form 524B at <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The National Professional Development (NPD) program, authorized by section 3131 of the Elementary and

Secondary Education Act of 1965, as amended (ESEA), awards grants on a competitive basis, for a period of not more than five years, to institutions of higher education (IHEs), in consortia with State educational agencies (SEAs) or local educational agencies (LEAs). The purpose of these grants is to support professional development activities that will improve classroom instruction for English Learners (ELs) and assist educational personnel working with such children to meet high professional standards, including standards for certification and licensure for teachers who work in language instruction educational programs to serve ELs.

Grants awarded under this program may be used for one or more of the following--

(1) Pre-service professional development programs that will assist schools and IHEs to upgrade the qualifications and skills of educational personnel who are not certified or licensed, especially educational paraprofessionals;

(2) The development of program curricula appropriate to the needs of the consortia participants involved; and

(3) In conjunction with other Federal need-based student financial assistance programs, for financial assistance, and costs related to tuition, fees, and books for enrolling in courses required to complete the degree involved, to meet

certification or licensing requirements for teachers who work in language instruction educational programs or serve ELs.

Background:

Educator effectiveness is the most important in-school factor affecting student achievement and success.¹ The NPD program is a Federal grant program that offers professional development specifically for educators of ELs. Through its competitions, the NPD program intends to improve the academic achievement of ELs by supporting pre-service and in-service practices for teachers and other staff, including school leaders working with ELs.

Through previous competitions, the NPD program has funded a range of grantees that are currently implementing 115 projects across the country. As the EL population continues to grow, it has become increasingly important to identify and support practices implemented by educators of ELs that effectively improve student learning outcomes.

However, there are limited studies that provide evidence about how to best prepare and support educators of ELs in ways that will ultimately improve student learning and outcomes. The existing studies that the Department has identified typically do not meet the highest standards for rigor, and largely focus on

professional development for in-service teachers; few focused on preparation for pre-service teachers.

Nonetheless, the body of evidence on effective language, literacy, and content instruction for ELs, including specific instructional practices for English language acquisition, is growing steadily, as documented by the 2014 What Works Clearinghouse (WWC) Practice Guide for teaching ELs, available at:

<http://ies.ed.gov/ncee/wwc/PracticeGuide.aspx?sid=19>. To encourage the use of evidence to increase the effectiveness of projects funded by NPD, the Department has included a competitive preference priority for projects designed to improve academic outcomes for ELs using strategies supported by moderate evidence of effectiveness (as defined in this notice).

In addition, in order to grow the evidence available to inform the future activities of IHEs, SEAs, and LEAs to support ELs, NPD-funded projects are encouraged to use a portion of their budgets to conduct a rigorous evaluation of their projects that meets the WWC Standards with reservations. Such evaluations would help ensure that projects funded under the NPD program are part of a learning agenda that expands the knowledge base on effective EL practices to ultimately enable all ELs to achieve postsecondary and career success.

For the FY 2016 NPD competition, the Department is particularly interested in supporting projects that improve parental, family, and community engagement. Literature suggests that educators who involve families in their children's education can strengthen their instructional effectiveness with ELs.^{2,3} Providing professional development that enhances educators' abilities to build meaningful relationships with students' families may also support students' learning at home. Accordingly, this notice includes a competitive preference priority related to improving parent, family, and community engagement.

The Department is also interested in supporting dual language acquisition approaches that are effective in developing biliteracy skills. Evidence suggests that students who are biliterate have certain cognitive and social benefits compared to their monolingual peers. Further, recent research⁴ suggests that despite initial lags, students in well-implemented dual

language programs eventually perform equal to or better than their counterparts in English-only programs.

In addition, we recognize that linguistic and cultural diversity is an asset, and that dual language approaches may also enhance the preservation of heritage language and culture. These approaches may be particularly impactful for diverse populations of ELs, such as immigrant children and youth and Native American students.

Finally, we are interested in the development of the early learning workforce. In this competition, we encourage pre-service preparation for early learning educators so that they can successfully support ELs. And, because the foundational knowledge of developmental learning and language acquisition skills applies across all levels of teaching ELs, including at the secondary level, we also encourage projects that will include this knowledge building for educators at all levels.

Priorities: This notice includes one absolute priority, two competitive preference priorities, and two invitational priorities. The absolute priority is from section 3131 of ESEA (20 U.S.C. 7801). Competitive Preference Priority 1 is from section 75.226 of EDGAR. Competitive Preference Priority 2 is from the Department's notice of final supplemental priorities and definitions (Supplemental Priorities), published in the Federal Register on December 10, 2014 (79 FR 73425).

Absolute Priority: For FY 2016 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Providing Professional Development to Improve Instruction for English Learners.

Under this priority we provide funding to projects that provide professional development activities that will improve classroom instruction for ELs and assist educational personnel working with ELs to meet high professional standards, including standards for certification and licensure as teachers who work in language instruction educational programs or serve ELs.

Competitive Preference Priorities: For FY 2016 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i) we award five additional points to applications that meet Competitive Preference Priority 1. We award up to an additional five points to applications that meet Competitive Preference Priority 2, depending on how well the application meets this priority. Applicants may address none, one, or both of the competitive preference priorities. An applicant must clearly

identify in the project abstract and the project narrative section of its application the competitive preference priority or priorities it wishes the Department to consider for purposes of earning competitive preference priority points.

These priorities are:

Competitive Preference Priority 1--Moderate Evidence of Effectiveness (0 or 5 points).

Projects that are supported by moderate evidence of effectiveness.

Competitive Preference Priority 2--Improving Parent, Family, and Community Engagement (up to 5 points).

Projects that are designed to improve student outcomes through one or more of the following:

(a) Developing and implementing Systemic Initiatives to improve Parent and Family Engagement by expanding and enhancing the skills, strategies, and knowledge (including techniques or use of technological tools needed to effectively communicate, advocate, support, and make informed decisions about the student's education) of parents and families.

(b) Providing professional development that enhances the skills and competencies of school or program leaders, principals, teachers, practitioners, or other administrative and support staff to build meaningful relationships with students'

parents or families through Systemic Initiatives that may also support students' learning at home.

(c) Implementing initiatives that improve Community Engagement, the relationships between parents or families and school or program staff by cultivating Sustained Partnerships.

Invitational Priorities: For FY 2016 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are invitational priorities. Under 34 CFR 75.105(c)(1) we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications.

Invitational Priority 1--Dual Language Approaches.

We encourage applicants to propose projects to improve educator preparation and professional learning for dual language implementation models to support effective instruction for ELs. In particular, we encourage such approaches to take into account the unique needs of recently arrived limited English proficient students, immigrant children and youth, and Native American students, who are members of federally recognized Indian tribes.

Invitational Priority 2--Supporting the Early Learning Workforce to Serve ELs.

We encourage applicants to propose projects that improve the quality and effectiveness of the early learning workforce, including administrators, so that they have the necessary

knowledge, skills, and abilities to improve ELs' cognitive, health, social-emotional, and dual language development. Early learning programs are designed to improve early learning and development outcomes across one or more of the Essential Domains of School Readiness for children from birth through third grade (or for any age group within this range). Further, we encourage applicants to include in such projects these foundational professional learning domains for educators at all levels of teaching including secondary preparation.

Definitions: The following definitions are from 34 CFR 77.1, 34 CFR 200.6, the Supplemental Priorities, and sections 3301 and 9101 of the ESEA (20 U.S.C. 7801), and apply to the priorities and selection criteria in this notice. The source of each definition is noted in parentheses following the text of the definition.

Ambitious means promoting continued, meaningful improvement for program participants or for other individuals or entities affected by the grant, or representing a significant advancement in the field of education research, practices, or methodologies. These organizations may include faith- and community-based organizations, institutions of higher education (including minority-serving institutions eligible to receive aid under Title III or Title V of the Higher Education Act of 1965), businesses and industries, labor organizations, State and local government entities, or Federal entities other than the Department. (D) Whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the individual--

(i) The ability to meet the State's proficient level of achievement on State assessments described in section 111

(b) (3);

(ii) The ability to successfully achieve in classrooms where the language of instruction is English; or

(iii) The opportunity to participate fully in society.

(Section 9101 of the ESEA)

(34 CFR 77.1.)

Moderate evidence of effectiveness means one of the following conditions is met:

(A) There is at least one study of the effectiveness of the process, product, strategy, or practice being proposed that meets the What Works Clearinghouse Evidence Standards without reservations, found a statistically significant favorable impact on a relevant outcome (with no statistically significant and overriding unfavorable impacts on that outcome for relevant populations in the study or in other studies of the intervention reviewed by and reported on by the What Works Clearinghouse), and includes a sample that overlaps with the populations or settings proposed to receive the process, product, strategy, or practice.

(B) There is at least one study of the effectiveness of the process, product, strategy, or practice being proposed that

(Supplemental Priorities)

Relevant outcome means the student outcome(s) (or the ultimate outcome if not related to students) the proposed process, product, strategy, or practice is designed to improve; consistent with the specific goals of a program. (34 CFR 77.1)

Strong theory means a rationale for the proposed process, product, strategy, or practice that includes a logic model (as defined in this notice). (34 CFR 77.1)

(Supplemental Priorities).

Applicants must use the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The page limit for the application does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the bibliography, or the letters of support of the application. However, the page

limit does apply to all of the application narrative section [Part III] of the application.

We will reject your application if you exceed the page limit or if you apply other standards and exceed the equivalent of the page limit.

b. Submission of Proprietary Information:

Given the types of projects that may be proposed in applications for the NPD program, your application may include business information that you consider proprietary. In 34 CFR 5.11 we define "business information" and describe the process we use in determining whether any of that information is proprietary and, thus, protected from disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. §552, as amended).

Consistent with the process followed in the prior NPD competitions, we may post the project narrative section of funded NPD applications on the Department's Web site so you may wish to request confidentiality of business information. Identifying proprietary information in the submitted application will help facilitate this public disclosure process.

Consistent with Executive Order 12600, please designate in your application any information that you believe is exempt from disclosure under Exemption 4. In the appropriate Appendix section of your application, under "Other Attachments Form," please list the page number or numbers on which we can find this

information. For additional information please see 34 CFR 5.11(c).

3. Submission Dates and Times:

Deadline for Notice of Intent to Apply: December 31, 2015.

Informational Meetings: The NPD program intends to hold Webinars designed to provide technical assistance to interested applicants. Detailed information regarding these meetings will be provided on the NPD Web site at <http://www2.ed.gov/programs/nfdp/applicant.html>.

Deadline for Transmittal of Applications: February 19, 2016.

Applications for grants under this competition must be submitted electronically using the Grants.gov application site. For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to Other Submission Requirements in section IV of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a

disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: April 19, 2016.

4. Intergovernmental Review: This competition is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

5. Funding Restrictions: We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management: To do business with the Department of Education, you must--

- a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);
- b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry), the Government's primary registrant database;
- c. Provide your DUNS number and TIN on your application; and
- d. Maintain an active SAM registration with current information while your application is under review by the

Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet at the following Web site: <http://fedgov.dnb.com/webform>. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data you entered into the SAM database. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, it may be 24 to 48 hours before you can access the information in, and submit an application through, Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN

associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: www2.ed.gov/fund/grant/apply/sam-faqs.html.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: www.grants.gov/web/grants/register.html.

7. Other Submission Requirements:

Applications for grants for the NPD program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the NPD program, CFDA number 84.365Z, must be submitted electronically using the Grants.gov Apply site (Grants.gov). Through this site, you will be able to download a copy of the application package, complete it offline,

and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the NPD program at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.365, not 84.365Z).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application

deadline date. Except as otherwise noted in this section, we will not accept your application if it is received--that is, date and time stamped by the Grants.gov system--after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at www.G5.gov. In addition, for specific guidance and procedures for submitting

an application through Grants.gov, please refer to the Grants.gov Web site at:

www.grants.gov/web/grants/applicants/apply-for-grants.html.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a read-only, non-modifiable Portable Document Format (PDF). Do not upload an interactive or fillable PDF file (e.g., Word, Excel, WordPerfect, etc.). If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material. Please note that this could result in your application not being considered for funding because the material in question--for example, the project narrative--is critical to a meaningful review of your

proposal. For that reason it is important to allow yourself adequate time to upload all material as PDF files. The Department will not convert material from other formats to PDF.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. This notification indicates receipt by Grants.gov only, not receipt by the Department. Grants.gov will also notify you automatically by email if your application met all the Grants.gov validation requirements or if there were any errors (such as submission of your application by someone other than a registered Authorized Organization Representative, or inclusion of an attachment with a file name that contains special characters). You will be given an opportunity to correct any errors and resubmit, but you must still meet the deadline for submission of applications.

Once your application is successfully validated by Grants.gov, the Department will retrieve your application from Grants.gov and send you an email with a unique PR/Award number for your application.

These emails do not mean that your application is without any disqualifying errors. While your application may have been

successfully validated by Grants.gov, it must also meet the Department's application requirements as specified in this notice and in the application instructions. Disqualifying errors could include, for instance, failure to upload attachments in a read-only, non-modifiable PDF; failure to submit a required part of the application; or failure to meet applicant eligibility requirements. It is your responsibility to ensure that your submitted application has met all of the Department's requirements.

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may

mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under For Further Information Contact in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that the problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. We will contact you after we determine whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Patrice Swann, U.S. Department of Education, 400 Maryland Avenue, SW., room 5C144, Washington, DC 20202-6510. FAX: (202)260-5496.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

b. Submission of Paper Applications by Mail.

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal

Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (CFDA Number 84.365Z)
LBJ Basement Level 1

- (3) A dated shipping label, invoice, or receipt from a commercial carrier.
- (4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

We will not consider applications postmarked after the application deadline date.

c. Submission of Paper Applications by Hand Delivery.

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education

(1) You must indicate on the envelope and--if not provided by the Department--in Item 11 of the SF 424 the CFDA number,

including suffix letter, if any, of the competition under which you are submitting your application; and

(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

V. Application Review Information

1. Selection Criteria: The selection criteria for this competition are from section 75.210 of EDGAR. The maximum score for all of these criteria is 100 points (not including competitive preference priority points). The maximum score for each criterion is indicated in parentheses.

(a) Quality of the project design. (up to 45 points)

The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers the following factors:

(1) The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable.

(2) The extent to which the design for implementing and evaluating the proposed project will result in information to guide possible replications of project

activities or strategies including information about the effectiveness of the approach or strategies employed by the project.

(3) The extent to which the proposed project is supported by strong theory (as defined in this notice).

(b) Quality of project personnel. (up to 10 points)

The Secretary considers the quality of the personnel who will carry out the proposed project. In determining the quality of project personnel, the Secretary considers the following factors:

(1) The extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(2) The qualifications, including relevant training and experience, of the project director or principal investigator.

(c) Quality of the management plan. (up to 25 points)

The Secretary considers the quality of the management plan for the proposed project. In determining the quality of the management plan for the proposed project, the Secretary considers the following factors:

(1) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget,

including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks.

(2) The extent to which the time commitment of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

(d) Quality of the project evaluation. (up to 20 points)

The Secretary considers the quality of the evaluation to be conducted of the proposed project. In determining the quality of the evaluation, the Secretary considers the following factors:

(1) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project.

(2) The extent to which the methods of evaluation will, if well implemented, produce evidence about the project's effectiveness that would meet the What Works Clearinghouse Evidence Standards with reservations.

(3) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes.

Note: The following are technical assistance resources on evaluation: (1) WWC Procedures and Standards Handbook:

<http://ies.ed.gov/ncee/wwc/references/idocviewer/doc.aspx?docid=19&tocid=1>;

and (2) IES/NCEE Technical Methods papers:

<http://ies.ed.gov/ncee/tech methods>.

In addition, we invite applicants to view two Webinar recordings that were hosted by the Institute of Education Sciences. The first Webinar addresses strategies for designing and executing well-designed quasi-experimental design studies. This Webinar is available at:

<http://ies.ed.gov/ncee/wwc/Multimedia.aspx?sid=23>. The second Webinar focuses on more rigorous evaluation designees, including strategies for designing and executing randomized controlled trials. This Webinar is available at:

<http://ies.ed.gov/ncee/wwc/Multimedia.aspx?sid=18>.

2. Review and Selection Process: The Department will screen applications that are submitted for NPD grants in accordance with the requirements in this notice and determine which applications meet the eligibility and other requirements. Peer reviewers will review all eligible applications for NPD grants that are submitted by the established deadline.

Applicants should note, however, that we may screen for eligibility at multiple points during the competition process, including before and after peer review; applicants that are determined to be ineligible will not receive a grant award

regardless of peer reviewer scores or comments. If we determine that an NPD grant application does not meet an NPD requirement, the application will not be considered for funding.

For NPD grant applications, the Department intends to conduct a two-part review process to review and score all eligible applications. Content reviewers will review and score all eligible applications on the following three selection criteria: (a) Quality of the project design; (b) Quality of project personnel; and (c) Quality of the management plan. These reviewers will also review and score the second competitive preference priority. Peer reviewers with evaluation expertise will review and score the selection criteria under (d) Quality of the project evaluation.

We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those

applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Risk Assessment and Special Conditions: Consistent with 2 CFR 200.205, before awarding grants under this program the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the

application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Transparency and Open Government Policy: After awards are made under this competition, all of the submitted successful applications, together with reviewer scores and comments, will be posted on the Department's Web site.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports

under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms.html>.

(c) The Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. Performance Measures: Under the Government Performance and Results Act (GPRA), Federal departments and agencies must clearly describe the goals and objectives of programs, identify resources and actions needed to accomplish goals and objectives, develop a means of measuring progress made, and regularly report on achievement. One important source of program information on successes and lessons learned is the project evaluation conducted under individual grants.

(a) Measures. The Department has developed the following GPRA performance measures for evaluating the overall effectiveness of the NPD program:

Measure 1: The number and percentage of program participants who complete the preservice program. Completion is defined by the applicant in the submitted application.

Measure 2: The number and percentage of program participants who complete the inservice program. Completion is defined by the applicant in the submitted application.

Measure 3: The number and percentage of program completers, as defined by the applicant under measures 1 and 2, who are State certified, licensed, or endorsed in EL instruction.

Measure 4: The percentage of program completers who rate the program as effective in preparing them to serve EL students.

Measure 5: The percentage of school leaders, other educators, and employers of program completers who rated the program as effective in preparing their teachers, or other educators, to serve ELs or improve their abilities to serve ELs effectively.

Measure 6: For projects that received competitive preference points for Competitive Priority 2, the percentage of program completers who rated the program as effective, as defined by the grantees, in increasing their knowledge and skills related to parent, family, and community engagement.

(b) Baseline data. Applicants must provide baseline data (as defined in this notice) for each of the project performance measures listed in (a) and explain how each proposed baseline data is related to program outcomes; or, if the applicant has determined that there are no established baseline data for a particular performance measure, explain why there is no established baseline and explain how and when, during the

project period, the applicant will establish a baseline for the performance measure.

(c) Performance measure targets. In addition, the applicant must propose in its application annual targets for the measures listed in paragraph (a). Applications must also include the following information as directed under 34 CFR 75.110(b):

(1) Why each proposed performance target is ambitious (as defined in this notice) yet achievable compared to the baseline for the performance measure.

(2) The data collection and reporting methods the applicant would use and why those methods are likely to yield reliable, valid, and meaningful performance data; and

(3) The applicant's capacity to collect and report reliable, valid, and meaningful performance data, as evidenced by high-quality data collection, analysis, and reporting in other projects or research.

Note: If the applicant does not have experience with collection and reporting of performance data through other projects or research, the applicant should provide other evidence of capacity to successfully carry out data collection and reporting for its proposed project.

(d) Performance Reports. All grantees must submit an annual performance report and final performance report with

information that is responsive to these performance measures. The Department will consider this data in making annual continuation awards.

(e) Department Evaluations. Consistent with 34 CFR 75.591, grantees funded under this program shall comply with the requirements of any evaluation of the program conducted by the Department or an evaluator selected by the Department.

5. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Director for the Office of English
Language Acquisition.

Program Statute

Title III of the Elementary and Secondary Education Act of 1965, as amended (ESEA) —Language Instruction for limited English proficient and immigrant students - Section 3131. National Professional Development Project.

The Secretary shall use funds made available under this section 3111c(1)C to award grants on a competitive basis, for a period of no more than 5 years, to institutions of higher education (in consortia with State educational agencies or local educational agencies) to provide for professional development activities that will improve classroom instruction for limited English proficient children and assist educational personnel working with such children to meet high professional standards, including standards for certification and licensure as teachers who work in language instruction educational programs or serve limited English proficient children.

Grants awarded under this subsection may be used –

- (1) Preservice professional development programs that will assist local schools and institutions of higher education to upgrade the qualifications and skills of educational personnel who are not certified or licensed, especially educational paraprofessionals;
- (2) For the development of curricula appropriate to the needs of the consortia participants involved; and
- (3) In conjunction with other Federal need-based student financial assistance programs, for financial assistance, and costs related to tuition, fees, and books for enrolling in courses required to complete the degree involved, to meet certification or licensing requirements for teachers who work in language instruction educational programs or serve limited English proficient children.
